

Family Race Night

April 2023

Following months of preparation led by teacher Kate Hill, we had our very own family race night here at run with it! Joined by over 200 people, we gathered at the Kingston Suite at MKM stadium for a meal and a night at the races!

Everyone of all ages joined in for a brilliant night cheering on their horses and raising funds for a good cause.

We started off with 8 races, each with 8 horses to choose from and a minimum bet of £1. Once bets had been placed, the race was shown, and a winner revealed! Those who chose the winner for their bets were then requested to come collect their winnings.

Fig 2. Families celebrating a win at the race night.

For our final race we chose to do an auction race; where tables would bet for horses and if their horse won, they could potentially take home a huge prize pot for their table. People were extremely generous for this race with horses going for up to £200! Everyone had such an amazing night and raised over £6000 to go towards helping enhance more young people's education through our learning programmes.
