

What We Do in Our Sessions

Burlington Junior School

real confidence in communicating and engaging in tasks. We had amazing feedback from their teacher in one of the activities, as we were told that one of the children is usually really quiet in school but in the task, she was one of the most confident.

Some of the feedback from the children has been amazing to hear as we had children asking if they could come back again and asking about getting involved with the football and rugby club at Bridlington because they enjoyed it so much.

Burlington Primary School:

Over the past few weeks, I have been working alongside Burlington Junior School at Bridlington Town Football Club. As Run With It is such a broad and varied programme, it is exciting to get the opportunity to lead some of the activities, especially as someone who is keen to go into teaching in the future.

One of the activities I took a lead role in was

measuring the pitch. In this activity we took the children onto the pitch and used metre wheels to measure the length and width. As well as this, we also created a shop activity in which we got them to complete maths questions based around Bridlington Town Football Club merchandise.

It's been exciting to see some of the children grow throughout the programme and gain a
